Curriculum and supplies details:

At the end of the current Academy Year, the Board will email a complete curriculum list to each family for the following Academy Year. The curriculum list shows which books are required, and which are suggested, by Level and subject. ISBN numbers are also provided, as well as places where the books may be ordered. Allow sufficient time to purchase and receive your order(s) before the first day of classes.

A supplies list will also be emailed closer to the start of school, and organized by grade level.

Each Family is responsible for purchasing their own curriculum, and the supplies needed by their student(s).
